This week was a continuation of deep diving into AI Research. The group broke down and each added their own research to our Mirio Board. We also interviewed Benjamin Blakely; he will also be willing to help us out whenever. So, he'll be a very good resource to rely on.

Pending Issues

None

Plans for Upcoming Reporting Period

Ideation is our focus. We will be completing a Lotus Blossom Diagram and coming up with different ideas to start focusing our project on.
